

I love my XM radio, I hate regular radio now. I cannot believe that you want to take my tax dollars and use it to remove my freedoms. I beleive that if there is something offensive, I SHOULD BE ABLE TO DECIDE WEATHER OR NOT I SHOULD LISTEN....I can always change the channel. I do NOT support any regulation of tv or radio, and you are taking away my freedom of speech, and the broadcasters such as Howard Stern's freedoms also. If you dont like it, dont listen to it, and dont take it away from me....I happen to love it.

I am asking the FCC, and Colin Powell's son (who NEVER earned a job in his life) to reject the NAB petition 04-160. Use my tax dollars wisely, and stop removing the freedoms which were fought for years ago....just because the religious right wing dont like what they can hear.
